

These are the three words that we believe lie at the heart of everything that we do at Asquith Primary School. They are equally applicable to children, to parents and carers, to staff and the wider community.

We pride ourselves on how much we care for our children. We believe that it is important to know the whole child, socially, emotionally and academically, in order to effectively care and support them. We care through ensuring we have staff that value and nurture the children in their care and through quality pastoral provision. We care for our parents by always being willing to listen and by providing support for issues such as housing, domestic abuse and debt. We care for our staff through an effective support network within school. Through our involvement with local groups, such as Friends of Fisher Lane Park, we care for our wider community.

As a school we want to provide the opportunities that enable everyone to be the best they can be, no matter what their starting point. Our curriculum supports the development of aspirations, alongside quality teaching that gives the opportunity for every child to secure the building blocks they need at this stage in their lives. We offer workshops, experiences and volunteering opportunities for parents. Staff across the school have access to quality and on-going CPD regardless of their career stage. We actively look for ways of developing our community links and hold events that include members of our wider community.

As our children progress through school we ensure that they are given the tools to help them succeed, specifically through our values of respect, responsibility, determination, cooperation, honesty and understanding. Children are able to develop the determination to succeed in and out of the classroom, to grow as individuals and to achieve through working with others. Parents and carers are offered support to help them develop new skills and gain confidence. Staff are encouraged to be lifelong learners, to challenge themselves and share their learning journey with their children. We share our successes with the local community and welcome them into the school for events and presentations.
