Whole School Update

Dear Parents/Carers

Just a reminder that next Monday, 13th July, is 'pick-up' day. This will be the last pick-up day as all children will be returning to school in September. Please make every effort to collect your child's work as there will be other things to collect as well – see below. The times remain the same as before – with Y5 and Y6 both picking up between 9.30 and 10.30am.

We have provided free books for all children since March this year. You are more than welcome to keep them but if they are in good condition and you no longer want them then we would be delighted to take them off your hands. Please bring them to school and place in the box in reception. THANK YOU.

If you have not returned the data collection sheet that you were given on the last pick-up day, please bring that with you. Also – if you have had a dinner money debt letter please bring the outstanding payment with you.

On Monday you will need to collect the following;

- Your child's workbook
- A family activity pack
- FSM vouchers for the last two weeks of term*
- FSM vouchers to cover the whole of the summer holidays*
- An information letter detailing arrangements for September
- A letter from your child's new class teacher in September
- Information for Reception and Nursery starters
- Reception and Nursery reports

***Please note that on this occasion the vouchers must be collected and signed for by the parent/carer of the child; we cannot give them to a friend or relative.**

If you need a food parcel from school, please let the office know by 8.30am on Monday morning.

Take care and stay safe,

Clare Harding
