

EGG Decorating Competition

We have been invited to take part in an Egg Decorating Competition run by Zen Educate. There are some yummy prizes and the opportunity to win prizes for the school.

There are two ways your child can take part.

1. Decorate the Egg Template on the reverse of this letter – with crayons, paint, collage – be as creative as you like.
2. Collect a mini 3D Egg from the school office and decorate it any way you like – from simply painting and decorating or thinking outside the box and creating your favourite cartoon character.

I know we have some very creative children at Asquith and I'm sure we can produce some stunning eggs. All entries must be handed in by **Friday 21st March**.

If you have any questions, please ask – happy decorating!

DESIGN YOUR EGG!
