

## General Data Protection Regulations (GDPR) – Parental Consent Form

Name of Child: \_\_\_\_\_ D.O.B. \_\_\_\_\_

Occasionally, we may take photographs of the children at our school. We may use these images in our school's prospectus or in other printed publications that we produce, as well as on our website. We may also make video or webcam recordings for school-to-school conferences, monitoring or other educational use.

From time-to-time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high profile event. Pupils will often appear in these images, which may appear in a local or national newspaper, or on televised news programmes.

To comply with the General Data Protection Regulations (GDPR), we need your permission before we can photograph or make any recordings of your child. Please answer questions 1 to 5 below, then sign and date the form where shown.

### Conditions of School Use

- This form is valid from the date you sign it for the period of time your child attends this school. The consent will automatically expire after this time (the school will ensure that images on the website are updated and remove out-of-date images.) It is your responsibility to let us know if you want to withdraw or change your agreement at any time.
- During this period the photos will be secured in a secure location and only authorised staff will have access to them. After this period the photos will either be appropriately archived to maintain a photographic history of the school or destroyed.
- We, the school, will not use the personal details or full names (which means first name **and** surname) of any child in a photographic image on video, on our website, in our school prospectus or in any of our other printed publications.
- We will not include personal e-mail or postal addresses, or telephone or fax numbers on video, on our website, in our school prospectus or in other printed publications.
- If we use photographs of individual pupils, we will not use the name of that child in the accompanying text or photo caption, unless we have your agreement.
- If we name a pupil in the text, we will not use a photograph of that child to accompany the article.
- We may include pictures of pupils and teachers that have been drawn by the pupils.
- We may include, if selected, work from pupils.
- We may use group or class photographs or footage with very general labels, such as 'a science lesson' or 'making Christmas decorations'.
- We will only use images of pupils who are suitably dressed, to reduce the risk of such images being used inappropriately.

**As the child's parents/carers, we agree that if we take photographs or video recordings of our child/ren which include other pupils, we will use these for personal and family use only.** I/we understand that where consent has not been obtained from the other parents/carers for any other use, we would be in breach of the General Data Protection Regulations if we used our recordings for any wider purpose.
